

Call for Judges

6th International Symposium on Recent Advances in Environmental Health

September 13 – 16, 2009
Marriott Hotel, Jackson, Mississippi

“Judges Needed in All Scientific Disciplines”

[Application Form](#)

The poster presentations by the students are one of the many keystones of our symposium. It provides a hands-on experience for students to practice their presentation skills and demonstrate their understanding of their research projects. Poster presentations at a scientific meeting promote a greater interaction between the student researchers and other scientist. If you are interested in being a judge please respond to Dr. Dwayne J. Sutton at dwayne.j.sutton@jsums.edu. The poster session for the students is scheduled for Monday, September 14 from 5:30pm – 7:00 pm. The judges for the student poster session are required to attend an orientation session on Monday, September 14, 2009 in the Board Room. Judge's packets will be distributed at the meeting. Judges unable to attend the meeting may pick up their packet at the Registration Station. We look forward to seeing you at the conference and we thank you in advance for helping us with our poster presentation for the students at this year's symposium. Again, thank you very much and we look forward to seeing you at the symposium.
